PROFESSIONAL EXPERIENCE

1977- Vice President, Life Care Planning & Management, Vocational Research, Ergonomic Consultant, Certified Case Manager, Mirfak Associates, Inc., Walnut Creek, California 1977-Present

Life Care Planning and Management

- Prepare life care plans which project needs and costs for long-term medical care, adaptive equipment, attendant care, modifications of the home and other accommodations.

- Assess wheelchair, adaptive van and related mobility needs of individuals with serious disabilities and illnesses; facilitate the purchase and delivery of appropriate equipment.
- Assess the continuing need of ongoing life care services.
- Conduct retrospective attendant care analyses to determine the level of care provided by relatives and the appropriate compensation rate for those services.

Vocational Research

Research vocational issues, labor market, employer contact, transferable skills, and statistics.

Certified Case Manager

Disability Management Consulting

- Provide assessments, coordination, and management services to individuals and employers.
- Assist individuals in retaining current jobs.

Medical Case Management

- Coordinate medical and community services for individuals.
- Research and obtain appropriate medical referrals.
- Increase communication effectiveness on complex cases.
- Focus on enabling the client.
- Work with individuals and groups for private pay, or third-party pay when authorized.

Ergonomic Consultant

Evaluations and Training

- Evaluate the employee's job activities, along with the tools and equipment needed to perform job. (Have been developing job modifications with clients since 1980.)
- Define risks, and determine what changes are needed to alleviate, mitigate or prevent injuries.
- Provide recommendations regarding specific equipment, and actions for the employee to take, in order to mitigate or resolve the risks.
- Coordinate with the employer and employee effective solutions and plans.
- Provide training for groups, or on an individualized basis.
- Schedule follow-up contact after implementation. Evaluate further, and fine-tune work process and workstation set-up.

1979- 1980 Regional Program Consultant, State Department of Health, Berkeley, California

Evaluated family planning clinics in the State of California. Provided documentation of findings and recommendations.

1976- 1978 Teaching Associate/Research Assistant, University of Colorado, Boulder, Colorado

Evaluated and graded all Master's level student research papers and proposals at the School of Nursing. Provided annotated bibliographies for classes in administration.

1973- 1974 Team Leader, Rehabilitation Unit, Group Health Hospital, Seattle, Washington

Developed and implemented managed care and care plans of recovering patients with wide range of disabilities.

1971- 1972 Team Leader, Welborn Memorial Hospital, Evansville, Indiana

Directed team of health care professionals, in medical and surgical units. Responsible for patient care plan and activities.

1972 Team Leader, Bartholomew County Hospital, Columbus, Indiana

Managed staff team. Provided patient care in a variety of units, including medical, surgical, obstetric and pediatric.
